Contemporary Kitchen And Bathroomware

In these 10 years, ECT Global has grown from a simple business idea to a leading wholesaler in the plumbing industry. We have broadened our supply chain across interstate, and will continue to spread across Australia. Our philosophy is simple: to provide simple stylish kitchen and bathroom ware at an affordable price. We always aim to leave customers more than satisfied with our products, and because of this, over the past decade we have established strong and close relationships with our customers.

We are proud of our growth and success in the past decade, but we always remember our customers are the foundation of our success.

Thank you for choosing ECT Global.

With s/s channel
3 Lip Self supporting

Glasstone is made from SMC(Sheet Molding Compound), a composite material combined with resin, fibreglass and filler, compressed with metal mould at 190 °C. Glasstone has a solid surface and high gloss finish. Glasstone has been used to make airplane train and car component. It also has been used to make bath tubs, shower trays basins laundry tubs and sinks in USA, Euro, and Japan. AS pressed from metal mould, it has precise measurement on the sizes. Glasstone has low profile design and light weight. It is stronger than ceramic polymarble and Acrylic. It is also economic and easy to clean.

SMC SHOWER TRAY

- . Sheet molding compound
- . ABS white waste
- . Low profile
- . Self-supporting
- . 9mm three (or four) sided the flange
- . Light weight
- . Easy installation

TILE TRAY-GLASSTONE

SMC TILE TRAY
 . Self - supporting . Light weight . Low profile
 . Easy installation . 36mm 4 sided the flange . Can be recessed into the floor
