Semi recessed basins partially overhang the vanity allowing you to maximise your basin size on applications with limited vanity space.

Baths

Our range of Luna baths feature soft lines for a modern, minimalistic look. The gentle recline allows you to lie back and relax in style.

- Crafted from stain and scratch resistant sanitary grade acrylic
- Available in freestanding, back to wall, island and four tile flange styles
- Includes flush fitting plug and waste – optional pop up plug and waste
- 10 year warranty

FREESTANDING BATH

The Luna freestanding bath is only 1400mm in length, meaning that even small bathrooms can have this luxurious style of bath.

BACK TO WALL FREESTANDING BATH

The Luna back to wall bath combines the luxury of a freestanding bath with the practicalities of an island bath. Sitting flush to the wall means it is not only easy to clean but opens up the choice of tapware to wall bath mixers.

ISLAND BATHS

Island baths are recessed into a constructed frame which is usually finished using tiles or stone leaving only the small raised rim of the bath visible. The island bath offers extra room around the bath, perfect for candles, a sitting ledge, or the kids' toys.

FOUR TILE FLANGE BATHS

This style is necessary for a bath that will also be used as a shower. It works to redirect the shower spray run-off directly back into the bath without the moisture damaging the walls.
