# BATHS

*A beautiful, modern shower doesn't have to be expensive. With clean lines and smooth finishes, your Marbletrend shower is an investment in luxury.*

# SHOWERS

**Marbletrend makes it easy to combine individual elements together to create the perfect shower system.**

**1** *Choose a shower screen*

**2** *Choose a shower base*

**3** *Choose a shower wall*

### **Kimberley Shower Screen**

The Kimberley shower screen features a semi-frameless door for an ultra-modern look. The screen is pre-treated with Enduro-shield, reducing glass cleaning by up to 90%.

- Self-closing door
- Large adjustment range for the perfect fit
- Pre-treated with Enduroshield, making it easy to clean
- Height of the shower screen is 1830mm.
- Colour options in Chrome or White
- Material toughened safety glass to AU standards
- The shower screen is suitable for tiled floor
- Not suitable for Alcoves
- Shower Base compatibility with the Kimberley Shower Screens :

- Flinders Polymarble p59
- Flinders SMC p59

\* Please refer to page 62 for size and product code specifications

### **Flinders Shower Screen**

Available in 27 configurations, the Flinders shower screen is the most versatile screen in the Marbletrend range. The design of the semi-frameless door and return panel is modern, elegant and easy to clean.

- Most versatile screen
- Self-closing door
- Large adjustment range for the perfect fit
- Safety Glass
- Height of the shower screen is 2000mm
- Colour options in Chrome or White
- Material toughened safety glass to AU standards
- The shower screen is suitable for tiled floor
- It is suitable for Alcoves
- Shower Base compatibility with the Flinders Shower Screens:

- Flinders Polymarble p59
- Flinders SMC p59

\* Please refer to page 62 for size and product code specifications

**Enduro  
Shield**

### Flinders Neo Shower Screen

The Flinders shower screen is the most versatile screen in the Marbletrend range. The design of the semi-frameless door and return panel is modern, elegant and easy to clean.

- Most versatile screen
- Self-closing door
- Large adjustment range for the perfect fit
- Safety Glass
- Height of the shower screen is 2000mm
- Colour options in Chrome or White
- Material toughened safety glass to AU standards
- The shower screen is suitable for tiled floor
- It is suitable for Alcoves
- Shower Base compatibility with the Flinders Neo Shower Screen:
  - Flinders Polymarble Corner p60
  - Flinders SMC Corner p60

\* Please refer to page 62 for size and product code specifications

**Enduro  
Shield**

### Flinders Shower Panel

The Flinders Shower Panel is fully reversible for placement on the left or right. It features an acrylic arm for support and 8mm toughened glass.

- Creates a walk-in shower effect
- Toughened safety glass
- Fully reversible screen
- Height of the panel is 2000mm
- Chrome colour
- Material toughened safety glass to AU standards
- The shower panel is suitable for tiled floor
- Not suitable for Alcoves

\* Please refer to page 62 for size and product code specifications

SHOWERS

### **Flinders SMC Square**

The Flinders SMC shower base is an innovative product, and the lightest and most durable self supporting shower base in the Marbletrend range.

- No grout and no joins, making it easy to clean
- Lightest shower base in the range, for easy installation
- Shower screen compatibility:
  - Flinders Shower Screen p56

\* Please refer to page 62 for size and product code specifications

### **Flinders Polymarble Square**

The Flinders Polymarble shower base is a modern, low-profile, non self-supporting shower base featuring a stylish stainless steel channel grate and extra protection against leaks, with built-in lips on all four sides.

- No grout and no joins, making it easy to clean
- Solid, hardwearing material
- Shower screen compatibility:
  - Flinders Shower Screen p56

\* Please refer to page 62 for size and product code specifications

### **Tile Tray**

Marbletrend's Tile Tray provides the look of a tiled floor, with the waterproofing of a base. The Tile Tray is structurally sound, self-draining and can be installed directly to a floor joist.

- Self-supporting and easy to trim for easy installation
- No joins – 1 piece with moulded lip
- Made from Bulk Moulding Compound (high compression moulded material)

\* Please refer to page 62 for size and product code specifications

### **Flinders Polymarble Corner**

The Flinders Polymarble shower base is made from Marblelite™ – a hardwearing, solid, fullymoulded material ideal for bathroom surfaces.

- No grout and no joins, easy to clean
- Available only in 2 lip models
- Fully integrated waste
- Non self-supporting
- Shower screen compatibility:
  - Flinders Neo Shower Screen

p57

\* Please refer to page 62 for size and product code specifications

### **Flinders SMC Corner**

The Flinders SMC shower base is an innovative product, and the lightest and most durable self supporting shower base in the Marbletrend range.

- No grout and no joins, making it easy to clean
- Lightest shower base in the range, for easy installation
- Shower screen compatibility:
  - Flinders Neo Shower Screen

p57

\* Please refer to page 62 for size and product code specifications

### **Flinders Polymarble Curved**

The Flinders Polymarble Curved shower base is made from Marblelite™ – a hardwearing, solid, fullymoulded material ideal for bathroom surfaces.

- No grout and no joins, easy to clean
- 2 sided 17mm built-in lips
- Fully integrated waste
- Non self-supporting

\* Please refer to page 62 for size and product code specifications

### Kimberley Shower Wall

Marbletrent's Kimberley shower wall is easy to install, fully reversible and includes a specifically formulated adhesive. The acrylic sheet features Antibac® antimicrobial protection preventing the growth of bacteria in the shower, ensuring the Kimberley shower wall is effortless to keep clean.

- Simple to cut, trim and add tapholes, easy installation
- Durable – scratch and crack resistant
- Antibac® antimicrobial protection, easy to clean
- The shower wall height is 1830 mm
- White colour
- Shower wall material is sanitary grade acrylic with ABS back

\* Please refer to page 62 for size and product code specifications

### Standard Shower Wall

Marbletrent's acrylic shower walls are perfect for DIY as they are easy to install, fully reversible and feature a folded sheet, rather than a joined sheet. The walls feature Antibac® antimicrobial protection, preventing the growth of bacteria in the shower, ensuring they are effortless to keep clean.

- Antibac® antimicrobial protection easy to clean
- Simple to cut, trim and add tapholes, easy installation
- Durable – scratch and crack resistant
- The shower wall height is 2000 mm
- White colour
- Shower wall material is sanitary grade acrylic with ABS back

\* Please refer to page 62 for size and product code specifications

# PRODUCT WARRANTY

## WARRANTY GUIDE TERMS

Marbletrend brand is owned by Bathroom Products Australia PL (hereafter referred to as BPA) since May, 2015\*.

BPA is proud of the quality of the products that we offer over our different brands and full after- sales service is offered, should this be necessary.

In Australia, consumers are protected from the consequences of faulty or defective products by the Australian Competition and Consumer Act. Products must be fit for purpose and free from material and manufacturing defects.

BPA offers warranty terms that in many cases exceed the basic requirements, and different product types have different warranty periods and conditions. Warranty applies from the date of purchase (not installation), or for new buildings, from the date of handover.

This guide provides a reference as to what is covered by warranty and for how long. This first general terms section details the various warranty periods and the second section details the required conditions.

**Note:** Some BPA products may have a warranty period that differs based on whether they are used for Residential or Commercial purposes. Where terms and conditions for Commercial use are different to these of Residential use, they have been specifically detailed. Commercial use includes all use types other than for normal domestic residential purposes.

BPA Reserves the right to make changes to its products at any time without prior notification. Any part or product not specifically listed has a 1 year warranty period.

\* Claims for products purchased prior to this date will not be accepted.

### Explanation of terms:

Parts and labor - this is the warranty period during which the cost of removal and re-installation of a replacement product, should that be required, is covered.

Product replacement - this is the warranty period during which an equivalent replacement product will be supplied (note that this may not include installation - see below).

Sanitaryware	Warranty Periods & Terms
Toilet Suites (Vitreous china items)	5 years <i>product replacement</i> 1 year <i>parts and labour</i>
Toilet Seats	1 year <i>parts and labour</i>
Vitreous China Basins	5 years <i>product replacement</i> 1 year <i>parts and labour</i>
Plastic Cisterns	5 years <i>product replacement</i> 1 year <i>parts and labour</i>
Inlet & Outlet Valves	3 years <i>product replacement</i>
Components	1 year <i>product replacement</i>

Tapware & Bathroom Accessories	Warranty Periods & Terms
Tapware	15 years <i>ceramic disc cartridge - product replacement</i> 7 years <i>Metal Body - product replacement</i> 1 year <i>Product Finish - parts and labour</i> 1 year <i>- parts and labour</i>
Bathroom Accessories	5 years <i>product replacement (Residential use)</i> 1 year <i>product replacement (Commercial use)</i>

Baths	Warranty Periods & Terms
Acrylic Baths	10 years <i>product replacement</i> 1 year <i>parts and labour</i>
Steel Baths	10 years <i>product replacement</i> 1 year <i>parts and labour</i>
Components	1 year <i>parts and labour</i>

Vanity Cabinets	Warranty Periods & Terms
Vitreous China	5 year <i>product replacement</i> 1 year <i>parts and labour</i>
Cabinet	2 years <i>product replacement</i> 1 year <i>parts and labour</i>
Accessories	5 year <i>product replacement</i>

## WARRANTY CONDITIONS

Product Warranty is provided by:  
Bathroom Products Australia Pty Ltd (ABN: 87 079 297 617)  
PO Box 728 Botany, Sydney NSW Australia 1455

T: 1300 717 717

F: 1300 746 480

E: [bpa.warranty@johnsonsuiss.com.au](mailto:bpa.warranty@johnsonsuiss.com.au)

### Product Warranty

The benefits given by the warranty set out in this document are in addition to any other rights and remedies you may have under a law in relation to the goods to which the warranty relates. Our goods come with guarantees that cannot be excluded under Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. The periods of warranty and terms of cover (i.e. product replacement or parts and labour only) are detailed below. Warranty applies from date of purchase, not from date of installation.

### Water Damage

Some claims may include a claim for rectification of water damage to surrounding areas as a result of leaking from a product. Such claims will require a site-call by a BPA representative who will evaluate the claim. A further inspection by an insurance representative may also be required before a claim can be determined.

### Warranty Claims

To make a claim under this warranty you must contact either the Merchant from which the goods were purchased or BPA directly by telephone, fax or email as set out above, with the following information:

- Details of the product type and product code
- A brief description of the product fault (with photographs of the fault)
- Proof of purchase of the goods including the date of purchase and where the goods have been installed
- Details of the licensed plumber who installed the goods.
- Your contact details and Handover documentation (if relevant)

BPA will then contact you within 7 days of first being advised of the claim by you or by the merchant (as the case may be) and depending on the circumstances arrange to either

a) replace the goods (b) repair the goods (c) replace and install new goods (d) request more information (e) reject the claim.

Where the goods claimed have not been installed, you must return the goods at your expense to either their point of purchase, or your nearest BPA distribution centre for evaluation. If the claim is then accepted, BPA will refund the freight cost to you when you give BPA proof of payment of the freight cost and the amount paid.

### Site Calls and Technician Visits

Where BPA has arranged a site-call, and a claim is rejected following inspection (often in the case of unlicensed or incorrect installation), the consumer will be charged a call-out fee of \$120, payable to BPA.

In a case where BPA had arranged a repair or replacement, based on information received from a customer or merchant, and it was later found that BPA is not liable for the fault as identified on site, BPA will be entitled to recover any costs directly from the customer.

BPA reserves the right to charge a service fee, to be payable by the warranty claimant. It is the responsibility of the warranty claimant to ensure that installed products are easily accessible for BPA to carry out warranty service. BPA will not be responsible for any costs where adequate access to products is not provided.

Warranties only apply to the original owner and are non-transferable.

For hygiene reasons, Toilet Seats cannot be returned once the packaging had been opened.

### Warranty Conditions

BPA will not accept claims against this warranty where the following conditions are found to exist:

- Plumbing installations have not been carried out by a licensed plumber.
- Installations that are not in compliance with the Australian Plumbing Code (AS3500) and ABCB Guidelines.
- The goods have been installed by a licensed plumber but not correctly installed.
- The goods have been installed correctly by a licensed plumber, but subsequent repairs, modifications and/or adjustments to the goods after installation have not been carried out by a licensed plumber.
- Claims against faulty cistern valves and seals will be rejected where after-market sanitising additives have been introduced into the cistern tank rather than the toilet bowl.
- Claims for visual defects to product surfaces may be rejected where harsh cleaning or scouring products have been used (rather than mild household detergent and soft, non-abrasive cloths).
- Claims against vitreous china product faulty dimensions or glazing imperfections that are permitted under AS1976 - Vitreous China used in Sanitary Applications. It is permitted that vitreous china products will vary up to  $\pm 3\text{mm}$  on any surface and be acceptable due to the unique conditions of the product's manufacturing process.
- Claims where proof of purchase is not provided.

### Warranty Limitations

To the extent permitted under Australian Consumer Law, BPA's responsibility is limited in the following circumstances:

- BPA is not responsible for any lack of operation or performance of goods (or loss or damage) where the goods have been subject to misuse, negligence, accident
- BPA is not responsible where goods are used or adapted for a purpose for which they were not designed.
- BPA is not responsible for any lack of operation or performance of goods (or loss or damage) where the goods are combined or integrated with other goods not supplied by BPA.
- It is the responsibility of the purchaser and/or installer, before installation, to ensure the goods are correct and free from obvious visible faults or defects.
- BPA is not responsible for labour and rectification costs incurred in the above circumstances.
- Breakage of any Glass part is not covered by warranty. Glass parts not reported broken upon receipt of goods, will not be replaced.

Except as expressly stated, and to the extent permitted by law, this warranty does not include any right to be reimbursed or compensated for physical or financial injury, loss, damage, expense, time or inconvenience (whether direct or indirect) or special or consequential losses arising out of the occurrence of a defect in the parts or products or caused by use or installation of the products or damages cause by acts of nature.
